

TESLA MODEL ZERO

Global Campaign Launch Brief & Simulation Strategy

CONFIDENTIAL

Ref: CAM-2026-M0

TESLA MODEL ZERO
THE \$14,990 ELECTRIC REVOLUTION

1. EXECUTIVE CAMPAIGN BRIEF

Campaign Headline: "Your First Car Should Be Electric. And Unstoppable."

Objective: Disrupt the entry-level automotive industry by launching Tesla's first ultra-affordable \$14,990 EV hatchback ("Model Zero"). Target college students, urban commuters, and first-time buyers while expanding Tesla's total addressable market by 300%.

Core Narrative: Eliminating the financial barrier to sustainable mobility without compromising on Autopilot technology, safety, or sleek design aesthetics.

2. UNIQUE VALUE PROPOSITIONS

- Dorm-to-Class Summon:** Low-speed automated parking & pickup on designated campus networks.
- Teen & Student Guardian Mode:** Real-time speed governor, safety notifications, and eco-driving gamification via Tesla App.
- All-Inclusive Subscription:** \$199/month bundle covering vehicle, standard Autopilot, and insurance.

3. KEY CAMPAIGN METRICS

AUDIENCE & CREATIVE STRATEGY

Target Personas, Channel Seeding & Reaction Matrix

5. TARGET AUDIENCE & PERSONA SEGMENTS

SEGMENT A Gen Z / Students

Demographics: Age 18–25 | Income: \$0–\$35k

Channels: TikTok, X/Twitter, r/College, r/Technology

Expected Reaction: High viral potential, ecstatic about \$199/mo price tag; skeptical of delivery timeline.

SEGMENT B Tesla Elitists

Demographics: Age 28–45 | Income: \$80k–\$150k+

Channels: X Spaces, r/TeslaMotors, EV Forums

Expected Reaction: Protective of brand status; concerned about Supercharger overcrowding and brand dilution.

SEGMENT C Auto Skeptics

Demographics: Age 30–55 | Income: \$50k–\$100k

Channels: Reddit r/cars, Automotive Forums

Expected Reaction: Highly critical of buttonless interior, winter battery degradation, and build quality.

7. OASIS SIMULATION KPI THRESHOLDS

KPI Metric	Target Benchmark	Primary Risk / Objection
Reach & Virality Ratio	> 2.5x organic share multiplier	Meme propagation around "student budget EV"
Sentiment Split	> 60% Positive / Neutral	Negative pushback on build quality and Supercharger congestion
Purchase Intent Rate	> 18% among Gen Z Persona	Financial hesitation on delivery lead times
