OFFICIAL COMMERCIAL PRICING & TRIMS

Competitive global positioning in China domestic & European markets

2026 XPENG P7+ SEDAN

186,800 – 198,800 RMB

Approx. \$26,700 – \$28,410 USD (China Entry) | France starting at €45,990 (\$53,470 USD)

- **Base Model (EREV / BEV):** 186,800 RMB (~\$26,700 USD)
- **Ultra SE ADAS Hardware Upgrade:** +12,000 RMB (~\$1,715 USD)
- **Ultra ADAS Upgrade (3x Turing):** +20,000 RMB (~\$2,860 USD)

XPENG G7 EREV SUV

195,800 – 225,800 RMB

Approx. \$27,900 – \$32,200 USD (BEV Trim Baseline / Projected EREV)

- **BEV Market Reference:** 3 trims currently on China market from 195.8k to 225.8k RMB
- **EREV Value Proposition:** Positioned competitively against pure EVs with world-record 1,704 km range

POWERED BY TRIPLE XPENG TURING AI CHIPS

Both the 2026 P7+ and G7 EREV feature XPENG's proprietary architecture with **3x Self-Developed Turing AI Chips** delivering an unprecedented **2,250 TOPS** for advanced autonomous driving and cockpit intelligence.

VEHICLE PORTFOLIO BRIEFING

World-Record Range EREV & BEV Flagship Models

BEV & EREV SEDAN

2026 XPENG P7+

1,550 km

CLTC TOTAL RANGE

430 km

PURE EV RANGE

- World-Record Range:** World's longest-range EREV sedan with 1,550 km comprehensive CLTC range. BEV variant delivers 725 km.
- Battery & Charging:** 800V High-Voltage Architecture, 49.2 kWh LFP 5C Fast-Charging battery (ultra-thin 109 mm profile).
- Space & Usability:** 88% usable interior cabin space. Trunk expands from 725 L to 2,221 L (holds 33× 20-inch suitcases).
- Cockpit Upgrades:** 104 experience upgrades, 15.6" floating central screen, 10.25" cluster, microfiber headliner, 256-color ambient lighting.
- Thermal Comfort:** 80% higher ventilation efficiency (29 m³/h). Drops seat temp from 50°C to 30°C in 60 seconds!

EREV SUV WORLD RECORD

XPENG G7 EREV

1,704 km

CLTC TOTAL RANGE

12 Min

+314 KM CHARGE

- World-Record SUV Range:** Crowned world's longest comprehensive range EREV SUV at 1,704 km CLTC (430 km Pure EV range).
- Powertrain:** 1.5T Turbocharged range extender (110 kW / 148 hp) + high-output 218 kW (292 hp) electric motor.
- Battery Pack:** 55.8 kWh 5C fast-charging battery on an 800V high-voltage platform.
- Ultra-Fast Charging:** Recharges 314 km of electric range in just 12 minutes.

DETAILED TECHNICAL & COMMERCIAL SPECIFICATIONS

Side-by-side performance & engineering breakdown

FEATURE / SPECIFICATION	2026 XPENG P7+ (EREV)	2026 XPENG P7+ (BEV)	XPENG G7 (EREV SUV)
Starting Price (China)	186,800 RMB (~\$26,700 USD)	186,800 RMB (~\$26,700 USD)	~195,800 RMB (~\$27,900 USD)
Comprehensive CLTC Range	1,550 km	725 km	1,704 km
Pure Electric Range (CLTC)	430 km	725 km	430 km
Battery Capacity & Type	49.2 kWh LFP (5C Ultra-Fast)	High-Density BEV Pack	55.8 kWh (5C Ultra-Fast)
Platform Architecture	800V High-Voltage Platform	800V High-Voltage Platform	800V High-Voltage Platform
ICE Generator / Range Extender	Optimized EREV Generator	N/A (Pure EV)	1.5T Engine (110 kW / 148 hp)
Electric Motor Output	High Performance e-Motor	High Performance e-Motor	218 kW (292 hp) e-Motor
Fast Charging Speed	5C Charging Rate	High-Speed DC Charging	314 km added in 12 mins
AI Computing Hardware	3× Self-Developed XPENG Turing AI Chips (2,250 TOPS Total)		

CAMPAIGN COMMERCIAL STRATEGY & POSITIONING

- Unbeatable Price-to-Tech Ratio:** At ~\$26,700 USD starting price, the P7+ offers 2,250 TOPS AI computing and 1,550 km range, outclassing competitors in its segment.
- Eliminating Range Anxiety:** Position 1,550 km and 1,704 km CLTC ranges as the ideal solution for global long-distance travel.
- European Gateway:** Launch in Belgium on Jan 9, expanding across 36 countries with localized production and European deliveries starting at €45,990 in France.
