TARGET CUSTOMER SEGMENTS & PROFILES

Defining key buyer personas for domestic and international European markets

2026 XPENG P7+ TARGET PERSONA

Tech-Savvy Professionals, Executive Drivers & Modern Families

- **Tech Enthusiasts & Early Adopters:** Buyers seeking cutting-edge autonomous driving (2,250 TOPS Turing AI architecture) and high-tech cabin features.
- **Long-Distance Commuters:** Professionals requiring zero range anxiety with a 1,550 km comprehensive CLTC range for cross-country drives.
- **Space-Conscious Executive Families:** Drivers needing premium sedan styling combined with massive cargo capacity (725L – 2,221L holds 33 suitcases).
- **Value-Luxury Buyers:** Consumers wanting flagship AI features and fast charging at an accessible ~\$26,700 USD (€45,990 EU) entry price.

XPENG G7 EREV TARGET PERSONA

Active Lifestyle Families, Suburban Drivers & Fleet Operators

- **Suburban & Touring Families:** Buyers needing SUV versatility and 1,704 km world-record total range for road trips without charging delays.
- **First-Time EREV / EV Buyers:** Consumers transitioning from ICE vehicles who want lower fuel costs with complete freedom from public charging queues.
- **Urban Commuters with Long Weekend Drives:** Drivers who use 430 km pure EV range for daily zero-emission commutes and 1.5T engine for weekend trips.
- **Cold-Climate & Infrastructure-Sparse Buyers:** Customers in regions with developing charging networks who need 12-min 5C fast charging.

OFFICIAL COMMERCIAL PRICING & TRIMS

Competitive global positioning in China domestic & European markets

2026 XPENG P7+ SEDAN

186,800 – 198,800 RMB

Approx. \$26,700 – \$28,410 USD (China) | France starting at €45,990 (\$53,470 USD)

- **Base Model (EREV / BEV):** 186,800 RMB (~\$26,700 USD)
- **Ultra SE ADAS Upgrade:** +12,000 RMB (~\$1,715 USD)
- **Ultra ADAS Upgrade (3x Turing):** +20,000 RMB (~\$2,860 USD)

XPENG G7 EREV SUV

195,800 – 225,800 RMB

Approx. \$27,900 – \$32,200 USD (BEV Baseline / Projected EREV)

- **BEV Market Baseline:** 3 trims on market from 195.8k to 225.8k RMB
- **EREV Value Proposition:** Positioned competitively against pure EVs with world-record 1,704 km range

⚡ POWERED BY TRIPLE XPENG TURING AI CHIPS

Both the 2026 P7+ and G7 EREV feature XPENG's proprietary architecture with **3x Self-Developed Turing AI Chips** delivering an unprecedented **2,250 TOPS** for advanced autonomous driving and cockpit intelligence.

VEHICLE PORTFOLIO BRIEFING

World-Record Range EREV & BEV Flagship Models

BEV & EREV SEDAN

EREV SUV WORLD RECORD

2026 XPENG P7+

1,550 km
CLTC TOTAL RANGE

430 km
PURE EV RANGE

- **World-Record Range:** World's longest-range EREV sedan with 1,550 km CLTC range. BEV variant delivers 725 km.
- **Battery & Charging:** 800V Architecture, 49.2 kWh LFP 5C Fast-Charging battery (109 mm ultra-thin profile).
- **Space & Usability:** 88% usable cabin area. Trunk expands from 725 L to 2,221 L (holds 33× 20-inch suitcases).
- **Cockpit Upgrades:** 104 experience upgrades, 15.6" screen, 10.25" cluster, 256-color ambient lighting.
- **Thermal Comfort:** 80% higher ventilation efficiency (29 m³/h). Seat temp drops from 50°C to 30°C in 60s!

XPENG G7 EREV

1,704 km
CLTC TOTAL RANGE

12 Min
+314 KM CHARGE

- **World-Record SUV Range:** Crowned world's longest range EREV SUV at 1,704 km CLTC (430 km Pure EV).
- **Powertrain:** 1.5T Turbocharged range extender (110 kW / 148 hp) + 218 kW (292 hp) electric motor.
- **Battery Pack:** 55.8 kWh 5C fast-charging battery on an 800V high-voltage platform.
- **Ultra-Fast Charging:** Recharges 314 km of electric range in just 12 minutes.

DETAILED TECHNICAL & COMMERCIAL SPECIFICATIONS

Side-by-side performance & engineering breakdown

FEATURE / SPECIFICATION	2026 XPENG P7+ (EREV)	2026 XPENG P7+ (BEV)	XPENG G7 (EREV SUV)
Starting Price (China)	186,800 RMB (~\$26,700 USD)	186,800 RMB (~\$26,700 USD)	~195,800 RMB (~\$27,900 USD)
Comprehensive CLTC Range	1,550 km	725 km	1,704 km

Fast Charging Speed	5C Charging Rate	High-Speed DC Charging	314 km added in 12 mins
AI Computing Hardware	3× Self-Developed XPENG Turing AI Chips (2,250 TOPS Total)		

CAMPAIGN COMMERCIAL STRATEGY & TARGET MARKETING

- **Unbeatable Price-to-Tech Ratio:** At ~\$26,700 USD starting price, the P7+ offers 2,250 TOPS AI computing and 1,550 km range, targeting tech-savvy buyers.
- **Eliminating Range Anxiety:** Position 1,550 km and 1,704 km CLTC ranges as the primary solution for touring families and long-distance drivers.
- **European Gateway:** Launch in Belgium on Jan 9, expanding across 36 countries targeting European buyers seeking premium EVs without high price tags.
