TARGET CUSTOMER SEGMENTS & PROFILES

Defining key buyer personas for domestic and international markets

2026 XPENG P7+ TARGET PERSONA

Tech-Savvy Professionals, Executive Drivers & Modern Families

- **Tech Enthusiasts & Early Adopters:** Buyers seeking cutting-edge autonomous driving (2,250 TOPS Turing AI architecture) and AI-driven cockpit features.
- **Long-Distance Commuters & Drivers:** Professionals requiring complete zero-range anxiety with a world-record 1,550 km comprehensive CLTC range for cross-country drives.
- **Space-Conscious Executive Families:** Drivers needing premium sedan fastback styling combined with massive cargo capacity (725L – 2,221L holds 33× 20-inch suitcases).
- **Value-Luxury Buyers:** Consumers wanting flagship AI capabilities, 800V fast charging, and luxury thermal comfort at an accessible ~\$26,700 USD (€45,990 EU) entry price.

OFFICIAL COMMERCIAL PRICING & TRIMS

Global pricing structure for China domestic and European markets

186,800 – 198,800 RMB

Approx. \$26,700 – \$28,410 USD (China Entry) | European France starting price: €45,990 (\$53,470 USD)

- **Base Model (EREV / BEV):** 186,800 RMB (~\$26,700 USD)
- **Ultra SE ADAS Hardware Package:** +12,000 RMB (~\$1,715 USD)
- **Ultra ADAS Package (3× Turing AI Chips):** +20,000 RMB (~\$2,860 USD)

POWERED BY TRIPLE XPENG TURING AI CHIPS

The 2026 P7+ is built on XPENG's proprietary architecture with **3× Self-Developed Turing AI Chips**, delivering an unprecedented **2,250 TOPS** of computing power for advanced autonomous driving and AI cockpit intelligence.

VEHICLE HIGHLIGHTS & FEATURES

World-Record EREV & BEV Flagship Sedan Capabilities

1,550 km

CLTC EREV RANGE

725 km

CLTC BEV RANGE

430 km

PURE EV RANGE (EREV)

2,221 L

MAX TRUNK VOLUME

- World-Record EREV Range:** World's longest-range EREV sedan with 1,550 km total CLTC range and 430 km pure electric capability.
- High-Efficiency BEV Variant:** Full Electric version delivers up to 725 km CLTC range.
- Battery & 800V Charging:** 800V High-Voltage Architecture, 49.2 kWh Lithium Iron Phosphate (LFP) 5C Fast-Charging battery pack with an ultra-thin 109 mm thickness.
- Class-Leading Space Utilization:** Exceptional 88% usable interior cabin space. Trunk volume scales from 725 L to 2,221 L (accommodates 33× 20-inch suitcases).
- Minimalist Smart Cockpit:** Features 104 experience upgrades, 15.6" floating central control screen, 10.25" instrument cluster, microfiber headliner, wireless charging, and 256-color ambient lighting.
- Rapid Seat Thermal Comfort:** Seat ventilation fan size increased by 8% with 80% higher efficiency (29 m³/h airflow). Drops seat surface temperature from 50°C to 30°C in just 60 seconds (suction holds 16 tissues).

DETAILED TECHNICAL SPECIFICATIONS

Side-by-side powertrain & engineering breakdown

SPECIFICATION CATEGORY	2026 XPENG P7+ (EREV VARIANT)	2026 XPENG P7+ (BEV VARIANT)
Starting Price (China)	186,800 RMB (~\$26,700 USD)	186,800 RMB (~\$26,700 USD)
Comprehensive CLTC Range	1,550 km	725 km
Pure Electric Range (CLTC)	430 km	725 km
Battery Pack & Technology	49.2 kWh LFP (5C Ultra-Fast, 109mm)	High-Density BEV Battery Pack
Voltage Platform	800V High-Voltage Platform	800V High-Voltage Platform
Generator / Range Extender	Optimized EREV Generator Engine	N/A (Pure Electric)
AI Computing Performance	3× Self-Developed XPENG Turing AI Chips (2,250 TOPS Total)	
Cabin & Storage Highlights	88% Space Efficiency 725L – 2,221L Trunk 104 Experience Upgrades	

CAMPAIGN COMMERCIAL STRATEGY & TARGET MARKETING

- Unbeatable Price-to-Tech Ratio:** At ~\$26,700 USD starting price, the P7+ offers 2,250 TOPS AI computing and 1,550 km range, outclassing competitors in its segment.
- Zero Range Anxiety Positioning:** Leverage the 1,550 km range and 430 km pure EV range to eliminate charging hesitancy for long-distance drivers.
- European Market Gateway:** Launch in Belgium on Jan 9, expanding across 36 countries targeting European executive buyers with a starting price of €45,990 in France.
